

## TCR Data Kit - 2025

### The *Data Kit 2025* includes:

- *PDF instructions* for Data Scrutineers;
- *TCR Checklist*, additional documents and report templates for handling the event;
- *AiM* guidelines, configurations, track maps and user profile for *Evo4/Evo5* data loggers and *RaceStudio* softwares, necessary to download, check and analyse data;
- *Magneti Marelli* softwares and licenses (*DataDownloader* and *WinTAX4*) with guidelines, track maps and user profiles for *TCR ECU*, necessary to download, check and analyse data;
- remote access to *TCR Server*, for data upload and storage;
- remote support via *WSC Mattermost* platform with WSC Technical Department, provided also during the race events.

**Cost: 3.500,00 EUR.**

To order the Data Kit, please fill up the form "*T2025 CR Data Kit Order Form\_TCR-DK25 Final*" and forward it to the Cinzia at [cinzia@tcr-series.com](mailto:cinzia@tcr-series.com)

Note. Hardware components required for the data download are excluded from this offer:

- laptop and/or SD Card reader, with SD Cards for AiM Evo5 data loggers;
- AiM Evo4 USB Cable from MeMoTeC (<https://www.me-mo-tec.com/en/Products/Accessory/Cable/Data-transmission/USB-Cable/USB-Transmission%20cable-711-3>) and cable for AiM Evo5 (common type USB Type A-USB Type miniB);
- TCR ECU Data Stick USB adapter from Magneti Marelli.

If you need more details about the necessary hardware, please contact Cinzia: [cinzia@tcr-series.com](mailto:cinzia@tcr-series.com).
