## TCR TECHNICAL BULLETIN – N. 02 / 2025

### OBJECT: Car weight clarification and Certification Process Update.

#### 1. Clarification of the Art. 2.6 – TCR Technical Regulations.

To clarify and give correct interpretation of *Article 2.6 of 2025 TCR technical regulation and Technical Notification - Compensation Weight*, following conditions have to be respected simultaneously during any event:

- ✓ Car minimum racing weight as defined by art 2.6 of TCR Technical regulation;
- ✓ Compensation weight that has to be present in the car anytime during the event, sealable and clearly identifiable on top of Car minimum racing weight;
- ✓ Success ballast (if stipulated by the individual sporting regulations) that has to be present in the car anytime during the event, sealable and clearly identifiable on top of Car minimum racing weight;

#### 2. Updates of the Certification Process.

Two ticket processing timing options are available from now, up to the manufacturers need:

*Normal:* emission within 30 working days, since the approval of the documentation requested in the server/ticket.

*Urgent:* emission within 10 working days, since the approval of the documentation requested into the server/ticket. A priority surcharge fee of 35% respect to the std prices is applied.

General Secretary of the Technical Department  
Riccardo Albornò
