### PIT WALL / WORKING-LANE

All persons staying in the working lane are obliged to wear fire-resistant overalls and protective helmets.

In addition, the organiser recommends to use fire-resistant underwear and balaclavas (face protection).

For persons staying exclusively in the area of the pit wall and the communication stands, the wearing of fire-resistant overalls is strongly recommended by the organiser! The persons concerned may cross the working lanes only to walk to the pit wall. Staying in the working lane without sufficient protective clothing is not permitted.
